

RMX

www.rmx-global.com

Our Vision

- To create commercially advantageous products which are environmentally responsible, easy to use and exceed performance expectations
- To be partners of choice in the Aerospace, Automotive, Rail and Marine sectors by continually innovating and developing new technologies for surface protection and cleaning

Our Background

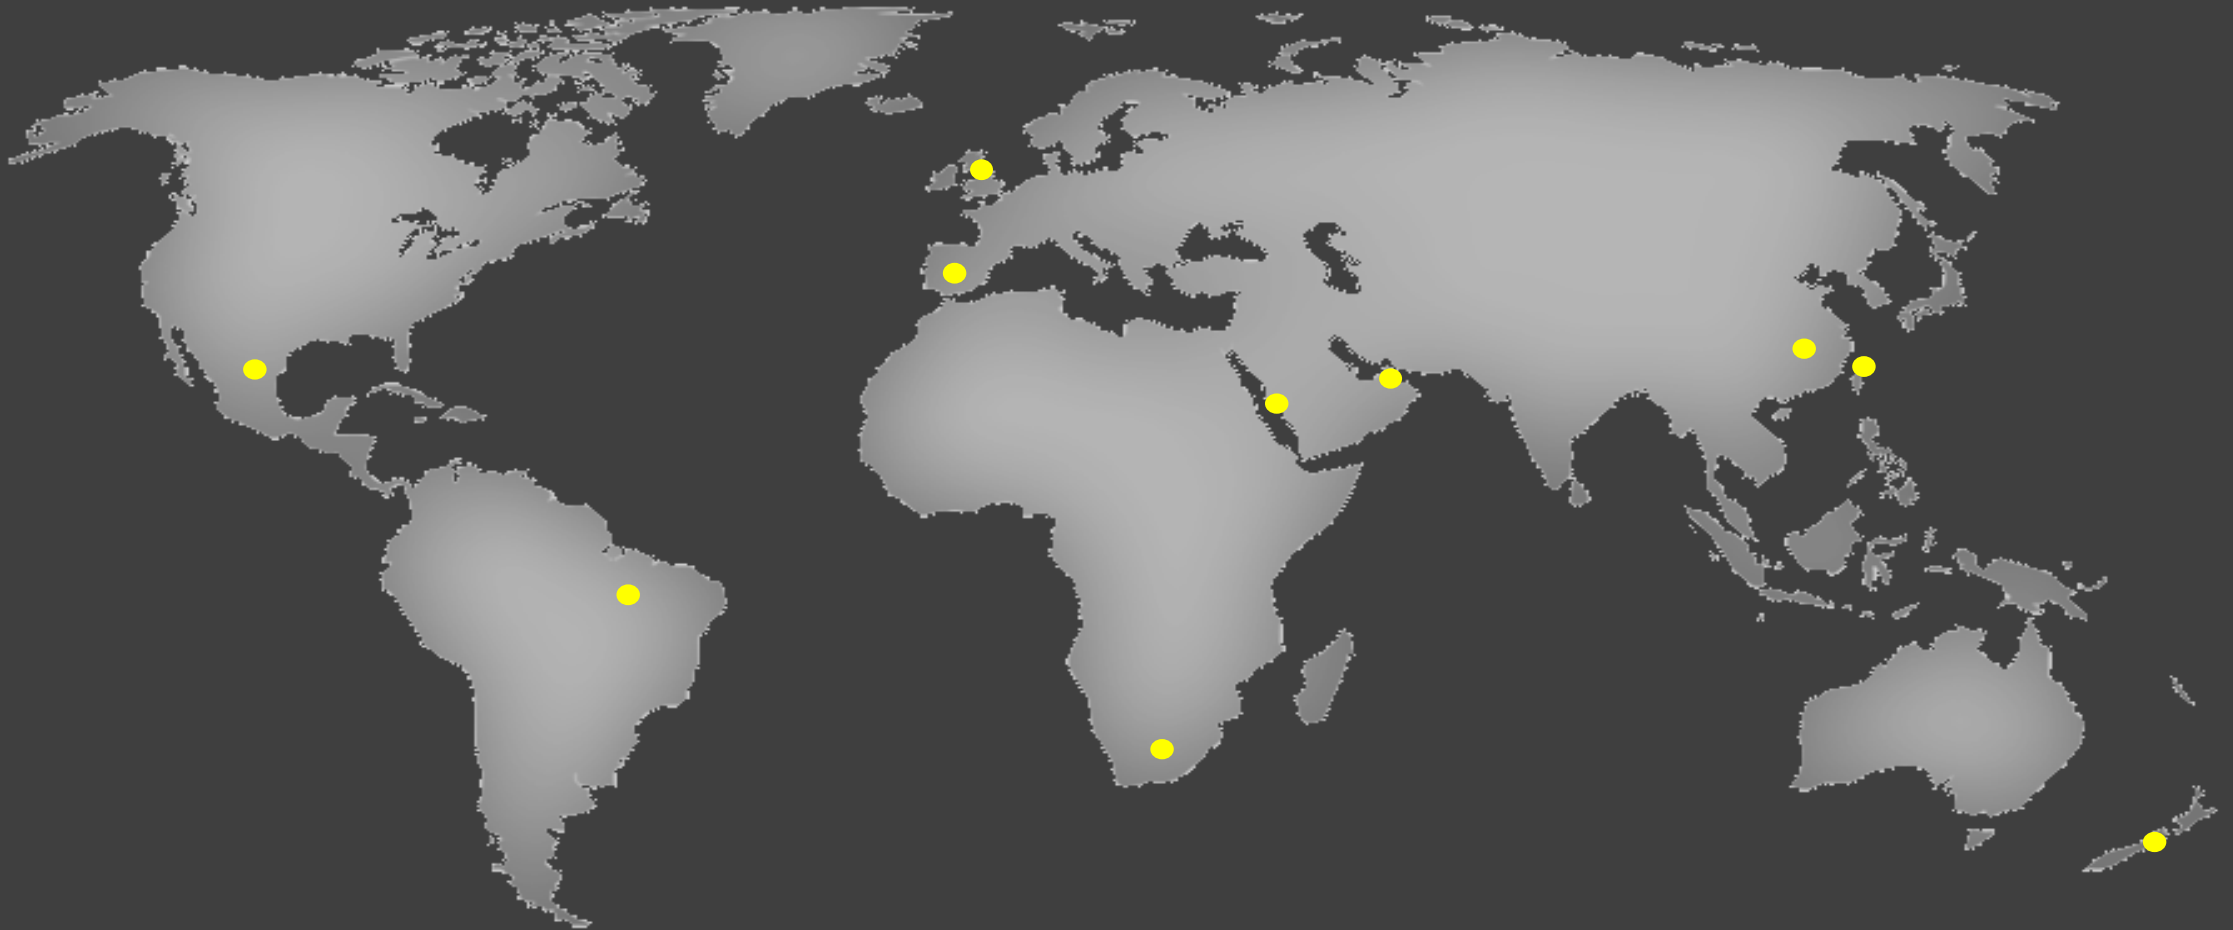

- Launched in February 2016
- Global leaders in manufacturing of protection and cleaning products for Aviation
- Innovation of advanced polymer engineering
- Environmentally responsible product line
- Operate “under the radar”, stay in the background

Our Future

- RMX growth strategy – to build a global network of distributors and customers
- RMX business strategy – to be the technical power behind the brands

Our Reach

Utilising international distribution channels and a range of end users we have global reach capability whilst maintaining a low cost base and minimal resources.

Operational Sectors

Aviation

Distributors

Airlines

Airline MRO's

Wholesalers

Industry

Distributors

Industrial Suppliers

Oil Rig Stacking

Agricultural Suppliers

Industrial Operators

Commercial Builders

Retail

Supermarkets

Automotive Retailers

E-commerce

Shopping Channels

Homeware Retailers

Manufacturing

- Manufacturing processes employed allow for large capability (up to 54,000L per month)
- Manufacturing plant ISO 9001 compliant
- Control of Laboratory R&D also allows RMX to create bespoke products
- All products are created, formulated and produced in the UK

Aerospace Products

Drywash Fast Active

Waterless cleaner for solid surfaces which leaves a hydrophobic coating

Drywash Defence

Adapted version of Drywash specifically for use on Military matte paint finishes

Active Shield (CSP)

Multi surface hydrophobic and UV blocking protective coating

Fabric Guard

Spillage and stain protective coating for upholstery and carpets

Guardian

Anti-COVID surface disinfection spray which protects for up to 10 days after application

Our approvals

Boeing:

BSS7432

D6-17487 Revision T

Airbus:

AIMS09-00-002

AMS:

AMS1530C

Bombardier:

147512-010921

BAE Systems:

MEQ4696

PPG Aerospace:

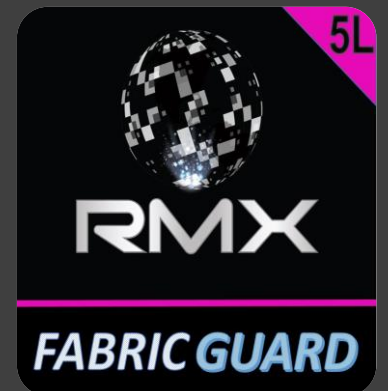

LR17-2018-18202

Axalta PCS:

LQUI-051-2017
